

California Department of Fish and Game Deer Management Program 2008 Deer Zone Information

Wildlife Branch
1812 9th Street Sacramento, CA 95811

General Deer Hunting Information For **ZONE X-2** **and** **Area-Specific Archery Hunt A-4** (Includes Additional Hunts M-9 and A-27)

GENERAL INFORMATION FOR DEER HUNT ZONE

This information sheet has been prepared to assist deer hunters applying for, or planning to hunt in, Zone X-2 located primarily in portions of Modoc county with a small portion in Siskiyou county. The following information should be useful to hunters for archery season (A-4; Zone X-2 Archery Hunt), Zone X-2 general season and any "additional hunts" within this geographic area. For more specific information or additional questions regarding this area, contact the following Department office(s):

Northern Region Office (Region 1), 601 Locust Street, Redding, CA 96001 (530-225-2300)
encompassing Del Norte, Humboldt, Lassen, Mendocino, Modoc, Shasta, Siskiyou, Tehama and Trinity counties.

REGULATIONS

Laws and regulations are designed to conserve wildlife and to provide for an equitable distribution of game mammals. The hunter who knows the laws and regulations can enjoy the hunting experience more. All hunters should read and be familiar with the current hunting regulations available online at:

<http://www.fgc.ca.gov/regulations/current/mammalregs.asp>

The 2008 deer hunting regulations specific for Zone X-2 (general season tag), Area-Specific Archery Hunt A-4 (archery season only tag), and any additional hunts are at the end of this sheet.

To hunt deer during the archery season in Zone X-2, hunters must possess an A-4 hunt tag (Zone X-2 Archery Hunt). This tag is valid **ONLY** during the prescribed archery season and **may not** be used to hunt deer during the general zone season, even if using archery equipment.

To hunt deer during the general season (rifle) in Zone X-2, a hunter must possess a Zone X-2 tag. This tag is valid **ONLY** during the prescribed general season for that zone. These tags **may not** be used to hunt deer during the Hunt A-4 archery season, even if using archery equipment.

This zone is a popular deer hunting area with lower tag quotas. Any additional deer hunts in Zone X-2 are listed in the Additional Deer Hunts section, below. Typically, tags for Zone X-2, Hunt A-4 and any additional deer hunts are in high demand and distributed through the Department's Big Game Drawing held in June. To hunt in this area, hunters must plan ahead and are encouraged to submit hunt applications by late May. For information regarding deer tag application procedures and obtaining a deer tag for this area, see the 2008 Hunting Digest, available on-line at:

<http://www.dfg.ca.gov/licensing/biggame/biggamebook.html>

Successful hunters are reminded to immediately fill out both portions of the tag and permanently mark the

date of kill; attach the tag to the antlers, or ear if antlerless; have the tag validated and countersigned; and return the completed report card portion to the Department within 30 days of taking a deer.

LAND OWNERSHIP/PUBLIC LAND OPPORTUNITIES

Zone X-2 contains a mixture of both public and private lands. Remember you must obtain and have in your possession written permission to hunt on private property. Hunter trespass laws are strictly enforced. Public lands within Zone X-2 are administered by the Modoc National Forest (USFS) and the Bureau of Land Management (BLM). For information regarding these lands contact the following:

USFS Offices:

Modoc National Forest, 800 West 12th Street, Alturas, California 96101 (530-233-5811)

BLM Offices:

Alturas District, 708 West Twelfth Street, Alturas, CA 96101 (530-233-4666)

Susanville District, 2950 Riverside Drive, Susanville, CA 96130 (530-257-5381)

In Zone X-2 and other zones throughout California, additional deer hunting opportunities may exist on private property licensed through the Department's Private Lands Management Program (PLM). For more information on the PLM and to obtain a list of participating ranches, go to the following link:

<http://www.dfg.ca.gov/wildlife/hunting/plm.html>

MAPS

For general maps detailing individual zone or additional deer hunt boundaries, go to the following link:

<http://www.dfg.ca.gov/wildlife/hunting/deer/zonemapsinfo.html>

The most comprehensive map of the area is the Modoc National Forest map. USFS maps are available at all USFS offices or you can contact the USFS Pacific Southwest Regional Office at: 1323 Club Drive, Vallejo, CA 94592 (707-562-8737).

BLM surface management maps may also be useful. However, because Zone X-2 covers such a large area, several maps are needed to depict it entirely. BLM surface management maps for Zone X-2 include the Alturas, Cedarville, and Tule Lake maps. You can purchase these maps at BLM district offices or you can contact the BLM at 2800 Cottage Way, Suite W-1834, Sacramento, CA 95825 (916-978-4400).

U.S. Geological Survey (USGS) topographic maps, are very helpful, especially for topographic features that are not displayed on USFS or BLM maps. USGS maps may be available from sporting goods, backpacking or engineering stores or you can contact the USGS directly at: Rocky Mountain Mapping Center, Branch of Information Services, Box 25286, Denver, CO 80225 (888-ASK-USGS).

ACCESS/MAJOR ROADS

There are extensive tracts of public lands with excellent access in Zone X-2. Primary roadways in Zone X-2 are State Highway 139 (western X-2), State Highway 299 (southern X-2), State Highway 395 (eastern X-2), County Road 73 (Crowder Flat Road north from Alturas), and County Road 48 (west from Davis Creek). Many County, USFS and BLM roads branch off of these primary roadways providing access to public lands.

WEATHER CONDITIONS/TRAVEL TIPS

The weather in this region is highly variable so BE PREPARED. The weather is usually quite hot and dry, but early storms are not uncommon. Snow fall will be a rare occurrence with these storms but heavy rains can make many roads very difficult, if not impossible, to travel. You should be prepared with appropriate clothing and equipment for a variety of weather conditions.

Zone X-2 covers a very large geographic area. The terrain can be very steep and rugged and vegetation can be extremely dense. As you should do in all remote areas, hunters are urged to bring a shovel, a good spare tire, extra water, etc. Use care when operating any vehicle off-road and check with the BLM or USFS for rules and regulations regarding vehicle and travel restrictions in the area.

CAMPING

There are numerous designated campgrounds within Zone X-2. The facilities available at these campgrounds vary from primitive campsites to campsites with running water and showers. Most campgrounds are clearly marked on USFS and BLM maps. Camping outside of designated campgrounds is usually permitted on BLM and USFS lands. However, during fire season special regulations may apply and it will be necessary to obtain a fire permit from the USFS or BLM. You can also check with the California Department of Forestry and Fire Protection office for rules in specific areas.

Please, DO NOT camp or hunt for prolonged periods near water sources important to wildlife and livestock. Remaining for over 30 minutes and within 200 yards of an artificial water source on public lands within California; or specifically within one-quarter mile of six wildlife watering places in Lassen (Belfast, Butte, Schaefer, Table Mountain and Tableland Wells) and Modoc (Timber Mountain Well) counties is a Fish and Game violation (Title 14, Section 730). You can pack water, wildlife can't.

HARVEST INFORMATION

Information on deer harvest for this area is available in tables contained in the annual Deer Kill Reports available on-line at: <http://www.dfg.ca.gov/wildlife/hunting/deer/deerhunt.html> The most useful tables for the purposes of planning or applying for hunts in this area are Tables 1b (Harvest and Success Information), 2a (Antler Class Information) and 10b (Drawing Statistics).

HERD CONDITIONS AND HABITATS

The deer population in Zone X-2 is considered stable to slightly declining, yet considerably below levels seen in the late 1960's and 1970's. As with most deer herds in California and other western states, the long-term population trend has been on a steady decline since the 1960's and 1970's. These long-term declines have been due to land management practices that have precluded fire, resulting in changes toward more mature and less diverse habitats, and reduced quality and quantity of deer habitats. Short-term fluctuations in deer populations are usually attributed to weather events that affect forage production.

The subspecies of deer inhabiting Zone X-2 is the Rocky Mountain mule deer. Deer in Zone X-2 are considered migratory. A large number of deer in X-2 migrate from Oregon in the fall. These large migrations generally occur after stormy weather. Deer in this area generally move to higher elevations in late spring and will remain until the first heavy fall storms force them down below the snow line. This downward movement often occurs during the hunting season, so hunters should be prepared to move to lower areas later in the season after stormy weather.

The vegetation is highly varied throughout Zone X-2 ranging from low sage, sagebrush, bitterbrush, aspen, and juniper to hardwood-conifer habitats. Generally speaking, deer populations in this area respond favorably to vegetation disturbances that enhance brush species (wildfire and timber harvesting). Riparian areas (areas along watercourses), recently burned areas or clear cuts that have re-sprouted with brush are good areas to hunt. Areas where oaks are producing acorns may also attract deer. Typically, lower densities of deer are observed in the more densely forested areas or in older, more decadent brushlands.

HUNTING TIPS AND WHERE TO LOOK FOR DEER

Successful hunters often spend a considerable amount of time scouting pre-season, locating individual or groups of deer, recently used deer trails, and feeding and bedding areas. You may not see many deer from the roads in this area and generally the more successful hunters do more hiking to locate deer. Binoculars and/or spotting scopes can be very helpful for locating and identifying deer at greater distances. In general, attempt to hunt areas that are away from other activities such as concentrations of hunters, vehicles, and/or livestock.

Generally, the best hunting is near stands of bitterbrush, mountain mahogany near rim rocks, or tall sagebrush. Usually the best hunting areas are located on the western shore of Goose Lake, Doublehead Mountain, Blue Mountain, numerous buttes along the rims of Boles Creek and Lost River. Timbered areas in the southwestern portion of the zone with a brush under story can also be good areas to hunt.

Historically, some of the more popular and productive areas in Zone X-2 include: Badger Wells, Carr Butte, Crowder Flat, Dip Springs, Duncan Reservoir, Lone Pine Butte and Muldoon Mountain.

For additional information about deer hunting in California, see the Department's publication "Guide To Hunting Deer In California" at the following web site:

<http://www.dfg.ca.gov/wildlife/hunting/deer/docs/deerguide.pdf>

ADDITIONAL DEER HUNTS

In 2008, two additional deer hunting opportunities exist within Zone X-2: a) Hunt M-9 (Devil's Garden Muzzleloading Rifle Buck Hunt); and b) Hunt A-27 (Devil's Garden Archery Buck Hunt). For general maps detailing the individual hunt area boundaries, go to the following link:

<http://www.dfg.ca.gov/wildlife/hunting/deer/deermaps.html>

2008 ZONE AND ADDITIONAL HUNT SPECIFIC REGULATIONS

§ 360. Deer.

Except as otherwise provided in this Title 14, deer may be taken only as follows:

(b) X-Zone Hunts.

(2) Zone X-2.

(A) Area: In those portions of Modoc and Siskiyou counties within a line beginning at the intersection of Highway 139 and the California-Oregon state line near Tulelake; east along the California-Oregon state line to the eastern shoreline of Goose Lake; southwest along the eastern shoreline of Goose Lake to Westside Road (Modoc County 48); southeast along the Westside Road to Highway 395 in Davis Creek; south along Highway 395 to Highway 299 in Alturas; west along Highway 299 to Highway 139 near Canby; northwest along Highway 139 to the Oregon-California state line and the point of beginning.

(B) Season: The season in Zone X-2 shall open on the first Saturday in October and extend for 16 consecutive days.

(C) Bag and Possession Limit: One buck, forked horn (See subsection 351(a)) or better, per tag.

(D) Number of Tags: 180.

(c) Additional Hunts.

(22) M-9 (Devil's Garden Muzzleloading Rifle Buck Hunt).

(A) Area: That portion of Modoc County within a line beginning at the intersection of the Malin Road (Modoc County 114) and the California/Oregon state line; east along the state line to the Crowder Flat Road; south along the Crowder Flat Road to the Blue Mountain Road (Modoc County 136); west on the Blue Mountain Road to the Blue Mountain-Mowitz Butte-Ambrose Road; south on the Blue Mountain-Mowitz Butte-Ambrose Road to Highway 139; north on Highway 139 to the Malin Road; north on the Malin Road to the point of beginning.

(B) Season: The season for additional hunt M-9 (Devil's Garden Muzzleloading Rifle Buck Hunt) shall open on the fourth Saturday in October and extend for 16 consecutive days.

(C) Bag and Possession Limit: One buck, forked horn (see subsection 351(a)) or better, per tag.

(D) Number of Tags: 15.

(E) Special Conditions: Only muzzleloading rifles as specified in Section 353 may be used.

(44) Conditions for Special Hunts.

(A) When hunting on military reservations or private lands, hunters shall have in their possession a written permit signed by the landowner, which may specify where and when the permittee may hunt.

(B) When required, tagholders shall check in and check out of designated check stations.

§ 361. Archery Deer Hunting.

(b) Archery Hunting With Area-specific Archery Tags. Deer may be taken only with archery equipment specified in Section 354, only during the archery seasons as follows:

(3) A-4 (Zone X-2 Archery Hunt).

(A) Area: As described in subsection 360(b)(2)(A).

(B) Season: The archery season for hunt A-4 (Zone X-2 Archery Hunt) shall open on the third Saturday in August and extend for 23 consecutive days.

(C) Bag and Possession Limit: One buck, forked horn (see subsection 351(a)) or better per tag.

(D) Number of Tags: 15.

(24) A-27 (Devil's Garden Archery Buck Hunt).

(A) Area: That portion of Modoc County within a line beginning at the intersection of the Malin Road (Modoc County 114) and the California/Oregon state line; east along the state line to the Crowder Flat Road; south along the Crowder Flat Road to the Blue Mountain Road (Modoc County 136); west on the Blue Mountain Road to the Blue Mountain-Mowitz Butte-Ambrose Road; south on the Blue Mountain-Mowitz Butte-Ambrose Road to Highway 139; north on Highway 139 to the Malin Road; north on the Malin Road to the point of beginning.

(B) Season: The season for hunt A-27 (Devil's Garden Archery Buck Hunt) shall open on the fourth Saturday in October and extend for 16 consecutive days.

(C) Bag and Possession Limit: One buck, forked horn (see subsection 351(a)) or better, per tag.

(D) Number of Tags: 10.

(c) Archery Hunting with Archery Only Tags. Deer may be taken only with archery equipment specified in Section 354, during the archery seasons and general seasons as follows:

(1) Number of Archery Only Tags Permitted. A person may obtain an archery only tag using a one-deer tag application and a second archery only tag using a second deer tag application.

(2) Zones in Which Archery Only Tags are Valid. An archery only tag is valid for hunt G-10, and during the archery season and general season in all zones except C-1 through C-4 and X-1 through X-12.

(3) Areas: As described in subsections 360(a) and (c).

(4) Seasons: The archery season and general seasons are provided in subsection 361(a) above and in subsections 360(a) and (c).

(5) Bag and Possession Limit: All bag and possession limits per zone are the same as those described in subsections 360(a) and (c).

(d) Hunting Area Limitations. Archers not in possession of an archery only tag may hunt only in the zone, zones, or areas for which they have a general tag or an area-specific archery tag. (Refer to subsection 361(c)(2) for zones in which archery only tags are valid).

(e) Crossbow Prohibition. Except as provided in subsection 354(j), crossbows may not be used during any archery season or during the general season when using an archery only tag.

**** GOOD LUCK! ****
